Summer 2016

## A Message from the Head of School

**Shawn O'Donnell**

Another action-packed school year, our 155<sup>th</sup>, comes to an end as we excitedly prepare for our 156<sup>th</sup>! Our Chromebooks pilot project with Google Apps for Education was a big success, leading us to the decision to implement the devices for all students and faculty for September. This was made possible by the outstanding efforts of our faculty as they committed themselves to learning and mastering this new technology. Our international recruiting efforts have led us to the decision to bring back boarding to The City House for September 2017! This decision has been met with great excitement and anticipation from all

constituents, and will give us a clear competitive edge in the international market. Once again this year, we travelled to Toronto to meet alumnae and were very well received. The evening was lovely and the excitement over our capital campaign was obvious. We also held our annual "Spring Tea and Family Mass" in Montreal which was well-attended by alumnae and their families. Our Alumnae Board, under Anna Romano's stellar leadership, continues its excellent work for the school, and I want to publicly thank them on behalf of all staff and students. We are most grateful for their support. There is a real positive buzz in the air about our school, and not just in our own community, but in the Montreal community at large. I want to thank you all for your continued support and wish everyone a safe and happy summer!

## A Message from the Alumnae Association President

**Anna Romano '83**

The values instilled by my Sacred Heart education during the early 1980s encouraged our class to pursue all available careers and opportunities. Limitations based on gender were not an issue, in fact, it never crossed our minds. We were empowered as women to pursue our education and succeed in attaining our goals. As students we were surrounded by impressive women who held leadership roles in our daily lives and in the community at large. I have many memories of alumnae addressing the student body at assemblies in the Study Hall and being impressed by their achievements, poise and confidence. It inspired me and made my goals seem all that more attainable.

This positive environment propelled us forward with the confidence that we had the required skills, knowledge and fortitude to succeed. As this school year draws to a close, we welcome the class of 2016 into the Alumnae Association.

As these young confident women venture out into the world to pursue their goals, they too have the Sacred Heart values necessary to achieve their dreams and know their aspirations are within reach. Although more than 30 years separate me from these young alumnae, our Sacred Heart values continue to unite us in one Sacred Heart family.

## Alumnae Pin Ceremony

Mr. O'Donnell leads the alumnae and the Class of 2016

For the past five years, our graduating students have invited a special alumna in their lives to return and participate in the annual Alumnae Pin Ceremony. On May 24th, this tradition continued. Bianca Arciero '08 spoke to all about her involvement on the Montreal Alumnae Association Board and Maureen Slattery '58, mother of Carolyn '81 and Tara Durley '85, and grandmother to one of the graduates, Meaghan Sabourin '16, recounted her memorable days at the Convent and how her Sacred Heart experience had a profound impact on her life. Alumnae Relations Coordinator, Maureen Brown '80, explained to the graduates and 45 alumnae present that through extension, we are all members of the Canadian Association of Sacred Heart Alumnae/i (CASHA) and AMASC (Association mondiale des anciennes et des anciennes du Sacré-Coeur). Head of School, Shawn O'Donnell, and Anika Maloni '97, Director of Academics, each shared how unique and wonderful is the Network of Sacred Heart Schools and how fortunate we are to be a part of something so special. Following the ceremony, all enjoyed a refreshing glass of lemonade in the Headmistresses' Parlour.

Director of Academics, Ms. Anika Maloni '97.

Teresa Griffin '11 and Ms. Martel provided musical accompaniment.

## Robotics Competition

Sacred Heart and Loyola students have once again teamed up to compete at the FIRST Robotics Challenge. The schools' respective robotics teams merged last year and this alliance is one that everybody loves being a part of. The team built a successful robot that led the way to the World Championships in St. Louis, Missouri. Although the club exists all year, it truly flourishes from January onwards. Students, with mentorship from Sacred Heart and Loyola alums, have six weeks to build a robot before it goes head to head against robots from all over the world.

The robotics club promotes the values of STEM to young women. It also features other non-science related fields. While some design, program and build the robot, others focus on sponsorships, business models, media and social networking. Students have the opportunity to explore completely different interests. Time management and working as a team are skills that the students need and master during the season.

This year's team, *The Northern Knights*, competed at four

competitions.

The robotics team went to New Hampshire for a preliminary competition, Oshawa, Ontario for the Greater Toronto East Regional and competed in Montreal at the Uniprix Stadium. Following the regional rounds

of competition, the team was invited to the World Championships in St. Louis.

Whether working on the robot or competing in another country, the students become close friends, and form an inexplicable bond. In fact, next year the graduating students are planning to return as mentors. The opportunities that come with participating in robotics, whether it be as a student or as mentor, are limitless. FIRST Robotics is about innovation and initiative and *The Northern Knights* are excited for next year's challenges. They would not have been able to accomplish such amazing achievements without the support of the School, the faculty & staff and the dedicated alumni!

I find that one antidote is to reach across cultural divides to let people who have been profoundly injured know that there are those of us who care and can do something to help. Victims often arrive here with nothing but their hope and resilience, and they are usually devastated that they are separated from their families who remain in danger. When there is support from the legal and therapeutic community it can make an enormous difference in their lives. I have seen people transform. And it helps me to get through the evening news."

## Une visite très appréciée de Michèle Nadeau '77

Chaque année, les élèves du Sacré-Cœur ont le plaisir d'avoir la visite d'une ancienne **Michèle Nadeau (1977)** la petite fille de **Thérèse Forget Casgrain (1914)**, une de nos plus célèbres anciennes. Les élèves apprennent que Madame Casgrain est la première femme élue à la tête d'un parti politique au Canada.

Elles constatent aussi que pendant sa longue carrière politique, elle a combattu les injustices sociales, économiques et politiques qui touchent les femmes. À travers des anecdotes personnelles, Michèle réussit à nous transmettre son attachement et son respect pour cette grande dame.

## **Shelagh Deegan, RSCJ 1932 - 2016**

It is with a saddened heart that we announce that Religious of the Sacred Heart, Shelagh Deegan, RSCJ passed away peacefully at Caritas Residence in Halifax, surrounded by the love and care of her Sisters, on Friday, May 13, 2016.

Shelagh Joan Deegan was born in Winnipeg, Manitoba on February 21, 1932, and grew up during the Depression and WWII. In 1946, after enrolling at the Convent of the Sacred Heart, Sr. Deegan received her teaching certificate and taught in the Winnipeg Public School System. She entered the Society of the Sacred Heart in Albany, New York, in 1961, making her first vows three years later and her final vows at The Sacred Heart School of Montreal's chapel in 1969. After graduating with a Bachelor of Arts degree from Newton College of the Sacred Heart, Sr. Deegan went on to the University of British Columbia earning a Master's in Business Administration in 1969. At that time, she was the only woman in her class.

Sr. Deegan then began her long history in provincial administration, serving as Provincial Bursar for 39 years. As a colleague of many treasurers of religious orders, she was one of the founders of ATRI (Association of Treasurers of Religious Institutes). This role found her working towards the opening of schools and implementing projects for the Society at the international level. She assisted the Uganda-Kenya Province in building a primary school, opened in 2002, to educate young Ugandan girls according to the philosophy of the Society of the Sacred Heart.

Sr. Deegan's skills in finance were matched by her empathetic love of people. She was known for her charming personality and desire to build relationships. She will also be remembered for her faith-filled spirit, her graciousness, her financial wisdom, her calmness, discretion and wise counsel, and for her witty and dry sense of humour. Sr. Deegan taught at The Sacred Heart School of Montreal and was a member of the Board of Directors and the City House Foundation. She was remembered at the School's weekly mass on May 17th.

**The Alumnae Association invites all to a mass in memory of Sr. Shelagh Deegan on Sunday, August 28, 2016 at 10:30 am at Ascension of our Lord located at 375 Kitchener Ave, Westmount, Québec H3Z 2G1.**

# Sacred Heart Celebrates the 155th Graduating Class

The Class of 2016, amongst their families, friends and faculty, received their high school diplomas and over 30 graduates merited special prizes and awards. The graduation address, given by Antonia Maioni '79, a member of the School's Board of Directors and incoming Dean of Arts at McGill University, was poignant and practical as she inspired the girls to be engaged, brave, and open-hearted as they move forward. Tatiana Tuccinardi, the class valedictorian, was equally eloquent in sharing the challenges and successes faced in high school, and her recognition for the sense of belonging that she and her peers felt through their years at Sacred Heart.

## Would you like to host a Sacred Heart international student?

Sacred Heart now accepts international students from Asia and Latin America. They live with local Montreal families while pursuing their studies. Hosting a student in your home, for an academic year, is a great way to learn about different cultures, languages and people. Bring the world to your home by hosting an international student !

**Financially Rewarding** - Host families provide guidance and support to students in a safe and nurturing environment, as well as a private room, three meals-a-day and healthy snacks. In return, the host family is compensated with a monthly stipend to offset these costs. Students are responsible for all other costs, such as;

transportation, school supplies, clothing, and recreation.

**Gain a different perspective** - Seeing the world through your student's eyes is refreshing and rewarding. Rediscover your city with your family by showing your student around! Impact, inspire and influence a young person in a positive way - the ultimate reward for any host.

If hosting a student is of interest, please contact our Enrolment Management Coordinator Stephanie Broadhurst at the school: [admissions@sacredheart.qc.ca](mailto:admissions@sacredheart.qc.ca) or sign up online: <https://secure.canadahomestayinternational.com/portal/portal/hosts/his>

"We are so proud to have raised \$60,000 for our illustrious school which is celebrating its 155 year anniversary," he continued. Roberto Di Giorgio, Chair of the Board of Directors added, "As a parent of an alumna and of a current student, as well as chair of the Capital Campaign Committee, I am proud to steer this newly launched initiative to its fruition."

Also in attendance was the Most Reverend, Christian Lépine, Archbishop of Montreal, several sisters from the Religious of the Sacred Heart of Jesus and the principals of Loyola High School, École Bilingue Notre-Dame de Sion and The Priory School.
