

Weekend Update from Boarding

We had a delightful sunny day on Mont Royal, enjoying rowboating on the serene and picturesque Beaver Lake. We indulged in ice cream treats, and soaking in the warm rays. On Sunday, we balanced our leisure with productivity, tackling homework and more packing and organizing.

As the day wound down, we savored a flavourful dinner and treated ourselves to a comforting slice of warm apple pie. It was a perfect blend of relaxation, fun, and accomplishment, making memories under the sun and savouring the simple joys of life.
